Modular Structure
Both weekday and weekend modes are offered on a modular basis to allow students to focus on studying one course at a time. Each module lasts about five weeks. This structure offers tremendous benefits to students, who may have intensive work commitments in a particular period, and can thus choose not to enroll in that module.

Regional Perspective
Our Asia-Pacific focus will give you a distinct advantage in building your career in the region. The focus on Asia and China business renders the programme highly relevant to the wider region’s dynamic, ever-evolving business environment.

Case-Based Approach
The HKU MBA programme adopts an experiential-learning approach, with the extensive use of business cases that enables students to become effective problem solvers and decision makers. These cases are written by our own professors and are published by our renowned Asia Case Research Centre (www.acrc.org.hk).

The London & New York Connection
There is a possibility for you to spend a semester at London Business School or Columbia Business School which offer great environments for business education along with international exposure.
